## Sign-in as a Lecturer

Name \_\_\_\_\_

Instrument (*Violin/Viola/Cello/Piano/Flute*) \_\_\_\_\_

**We encourage you to share your ideas with us and prepare a short lecture (10-15 min.) on the following subjects:**

**A. The enjoyment of day to day teaching**

*Your experiences could be helpful for other colleagues. Give an account on the important emphasis of your teaching, successful concerts or workshops (if possible with short video recordings), your specific solutions for unexpected problems during daily teaching...*

**B. Parental participation**

How do you manage to guide parents to sensibly assist their child during daily practising?

**C. Improving the standard**

Unfortunately we cannot always be content with the student's achievements. Experienced teachers are requested to pass on to their younger colleagues how to improve the quality of the practicing and performance of their pupils. *One interesting aspect could be how individual teachers improve or even further develop their own level of teaching and playing.*

**D. Free choice of themes**

1. I would like to talk briefly on subject  A  B  C  D (please mark one).

A few short notes/key words:
