PROJECTS
The BSMA Course continues as a Hybrid model and is well received by attendees. Having fewer weekend courses is attracting more professional performers and also suits those with children.
ITEMS FROM ISA VIOLONCELLO COMMITTEE
The ISA Committee maintain that the revised Book 1 recording was made without proper consultation. The path ahead seems unclear as yet and will be sometime in discussion to avoid further mishaps. There will need to be agreement on the edited piano accompaniments before any future recording can be developed.
DEVELOPMENT OF VIOLONCELLO IN ESA REGION
<p>Cello Training Courses are continuing to grow. Notably the new courses in Belgium and Sweden – both in their second year.</p> <p>Anja Maja continues to offer training to all the Baltic countries in addition to Finland.</p> <p>Other courses in Italy, Denmark, UK, Germany, Poland, Norway, Sweden and Spain are active. Most courses follow an in-person model.</p> <p>France and Switzerland are on pause currently.</p>
