DEVELOPMENT OF HARP IN ESA REGION
<p>A group of Level 5 Harpists has been created consisting of Ester Gattoni, Tiziana Loi, Alessandra Magrini, Nicoletta Sanzin and Emiliana Sessa. They will meet three times a year to carry out concert projects, masterclasses and other activities to develop the Harp in ESA regions where it is missing.</p> <p>The European Suzuki Harp Ensemble will continue its activities, despite the sudden and unexpected death of its founder Gabriella Bosio. There have already been some events including a concert during Harpissima in Cagliari in May 2023. In May 2023 there will be the 3<sup>rd</sup> Online Harp Competition 'Growing up with the Music' in memoriam for Gabriella Bosio.</p>
